

MEERA

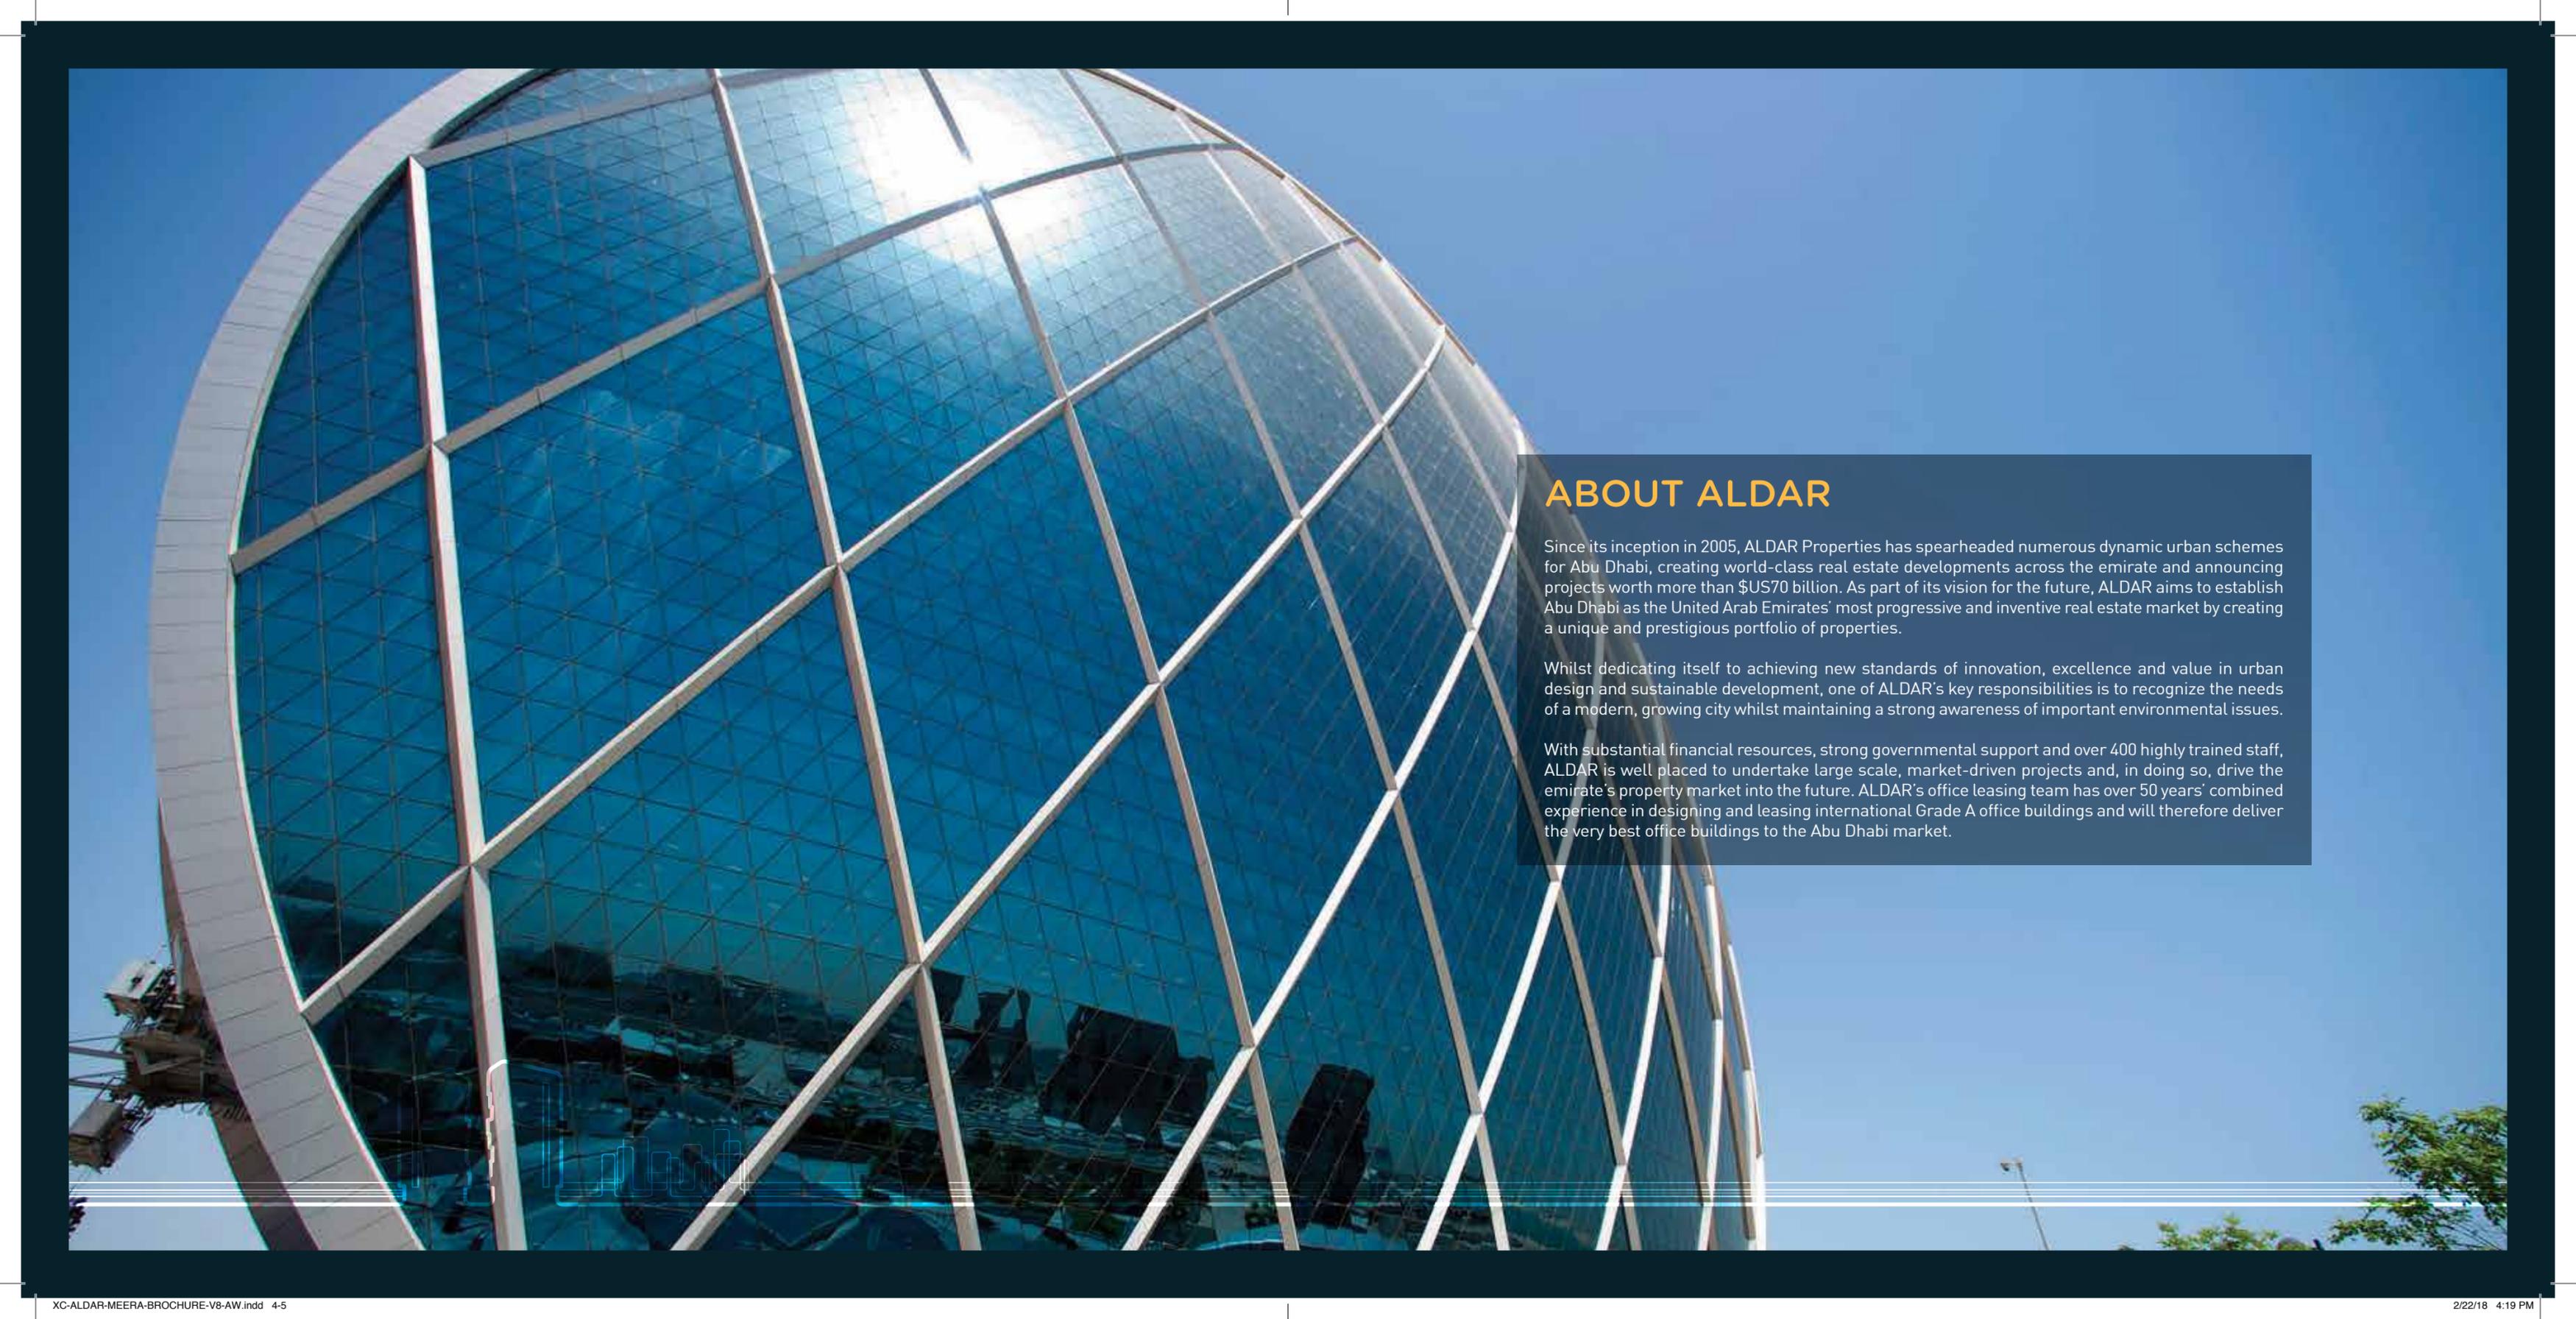

ABU DHABI 2030

A Visionary City

Plan Abu Dhabi 2030 sets out the developmental steps that will propel Abu Dhabi forward to become the most desirable place to live and to do business in the Middle East. Abu Dhabi has proved time and again that it is an emirate with a bold vision and an extraordinary capacity to deliver results.

Plan Abu Dhabi 2030 is an extension of this heritage and Aldar is one of the key driving forces behind it. Aldar is one of the largest and most respected developers in the UAE, with a very clear vision of the role it has to play in the development of Abu Dhabi's future and a commitment to preserve its valuable heritage for future generations.

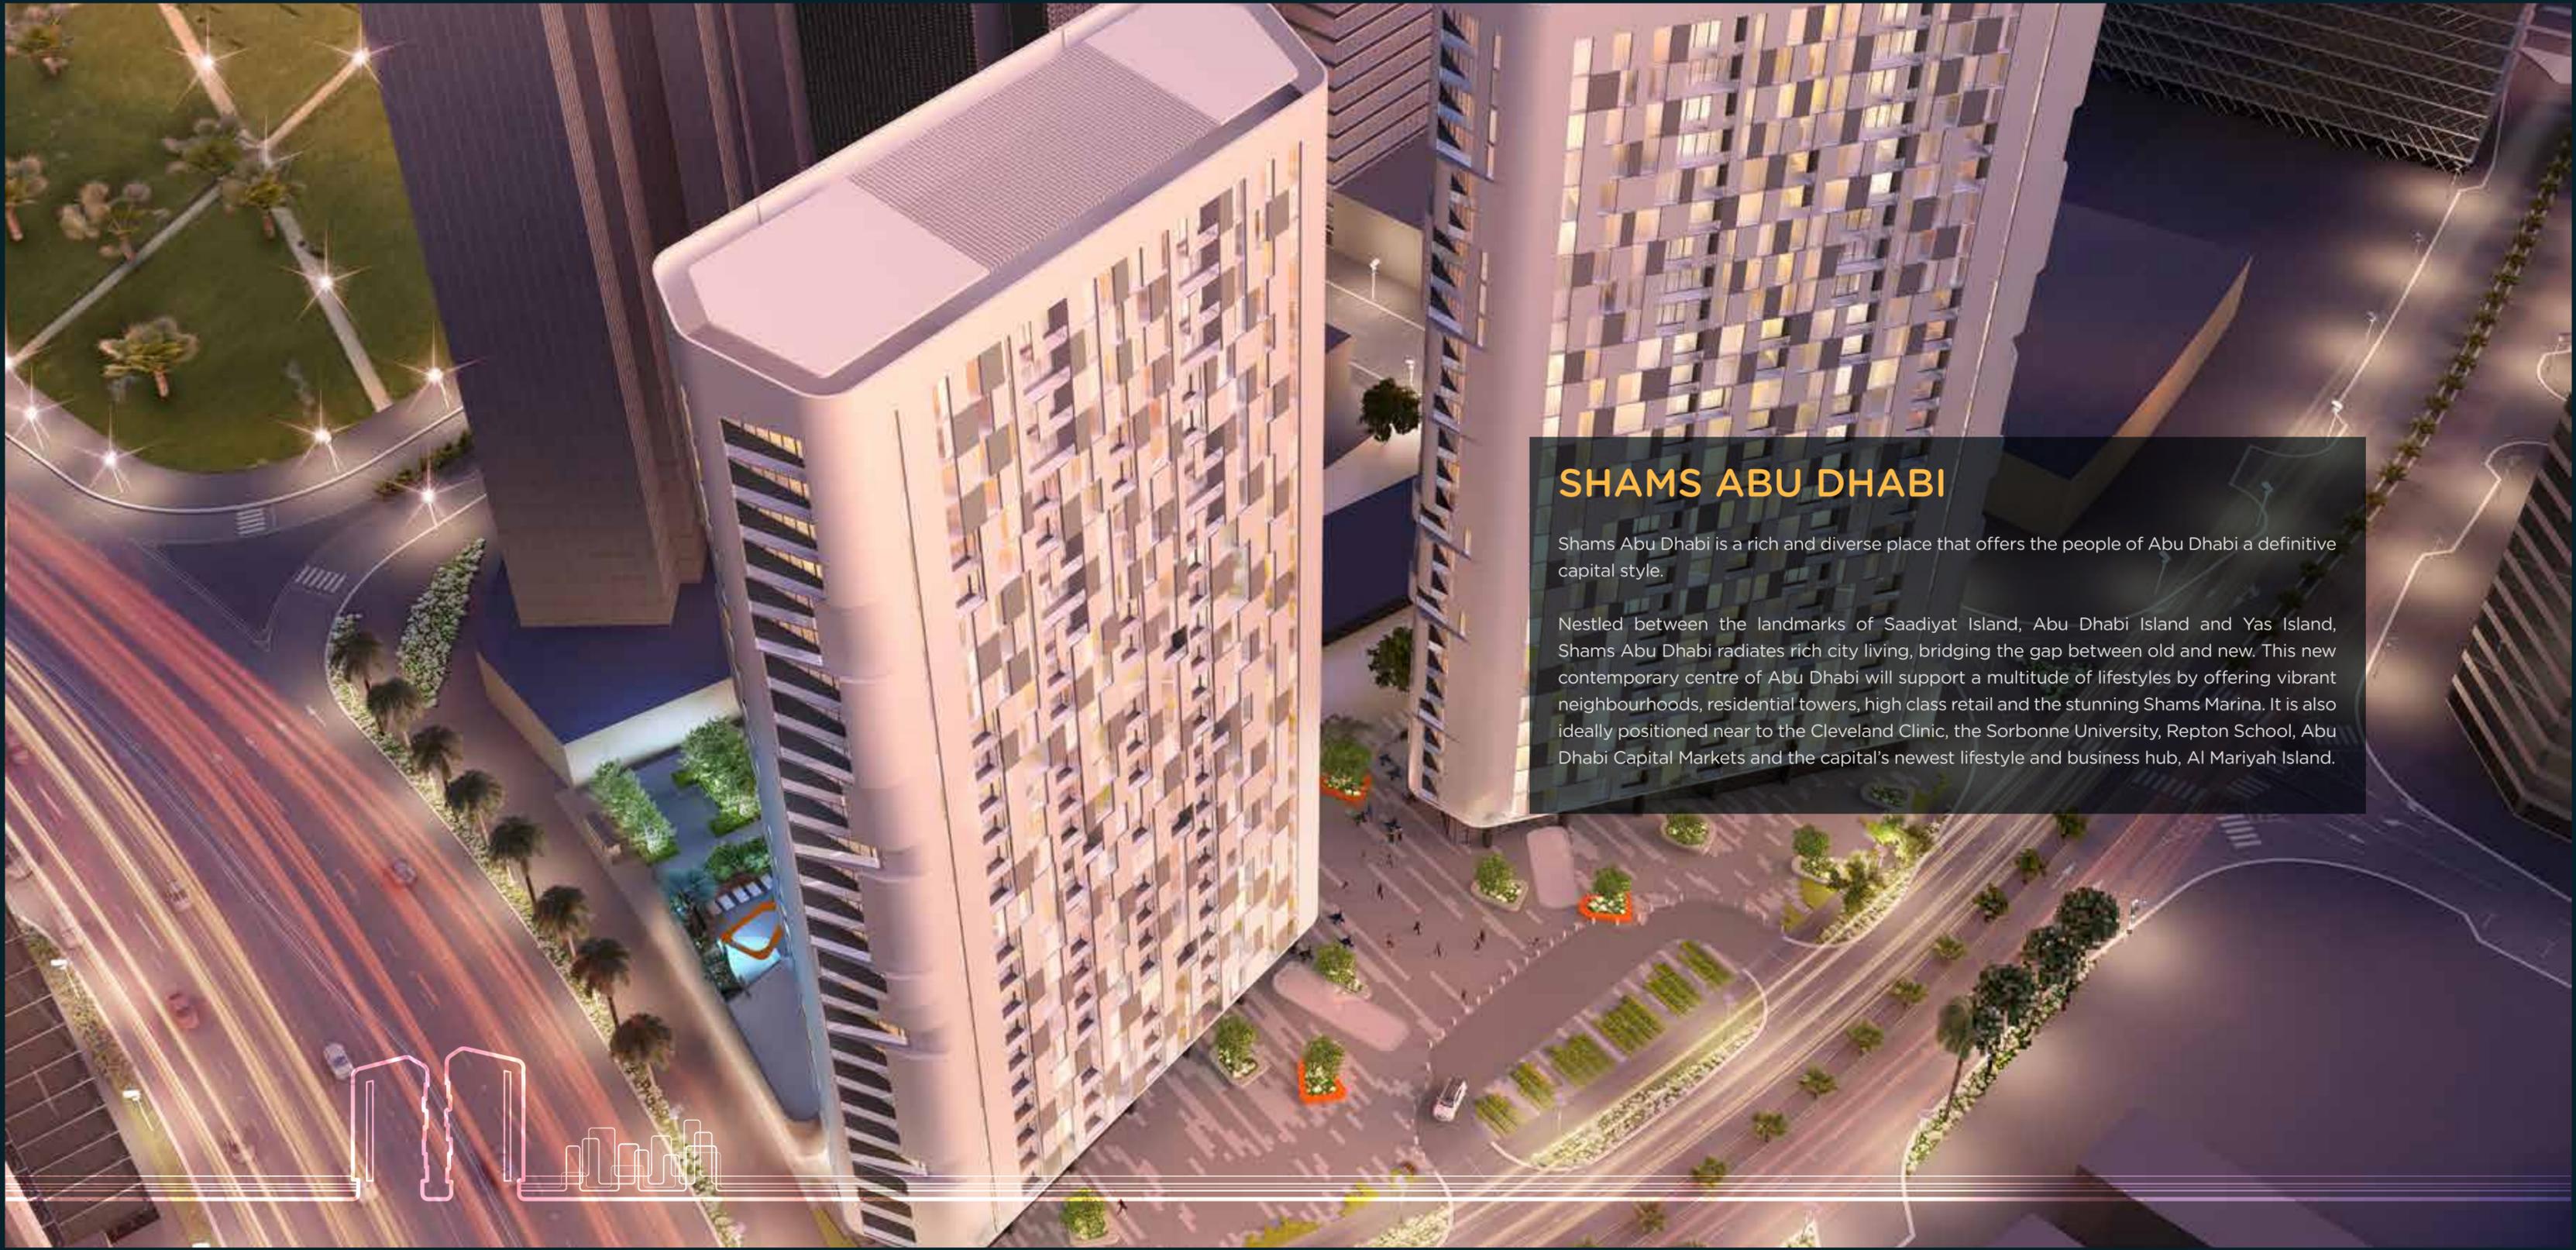

ABOUT ALDAR

Since its inception in 2005, ALDAR Properties has spearheaded numerous dynamic urban schemes for Abu Dhabi, creating world-class real estate developments across the emirate and announcing projects worth more than \$US70 billion. As part of its vision for the future, ALDAR aims to establish Abu Dhabi as the United Arab Emirates' most progressive and inventive real estate market by creating a unique and prestigious portfolio of properties.

Whilst dedicating itself to achieving new standards of innovation, excellence and value in urban design and sustainable development, one of ALDAR's key responsibilities is to recognize the needs of a modern, growing city whilst maintaining a strong awareness of important environmental issues.

With substantial financial resources, strong governmental support and over 400 highly trained staff, ALDAR is well placed to undertake large scale, market-driven projects and, in doing so, drive the emirate's property market into the future. ALDAR's office leasing team has over 50 years' combined experience in designing and leasing international Grade A office buildings and will therefore deliver the very best office buildings to the Abu Dhabi market.
